STATION ANNOUNCEMENT

PLEASE read this entire page carefully.

The task of winning the war and saving gasoline has taught many persons the beauty of a garden for the first time and more of them are planting dahlias each season. This is a stimulant for the busy office worker with no ill after affects. There is real peace in a garden of dahlias.

Our 1945 season came to a close the 21st of October, the earliest in our history. After a very wet spring we got off to a flying start and our Dahlias came through in fine style. Advance orders at the gardens depleted us of many varieties that will not appear in this catalogue. We wish to take this opportunity to express our thanks for the many nice letters received, and for the nice orders that so completely cleaned us out last season.

Should any mistakes occur, let us know and we will do all in our power to rectify them to your entire satisfaction. Kindly order early so we will not have to send your check back—this we do not like to do, it looks bad on the records.

GUARANTEE—We fully guarantee all our stock to be free from disease and true to name. It will reach you in good growing condition. If any variety fails to make good, we stand ready to replace it or refund the purchase price. More than this we cannot accept responsibility for. We offer ROOTS only, no plants.

TERMS—We require cash with orders, or 25% deposit to hold early orders till shipping time, balance to be paid before shipment. We DO NOT ship C.O.D. This is an added expense to you and extra work for us. We prepay all orders over \$2.00. Less amounts kindly send sufficient postage to cover, any overage will be returned. We will accept unused stamps up to \$3.00 in denominations up to 20c. Make all Money Orders and checks payable to J. E. HULIN.

SHIPMENTS—We start shipping April 10th. If you want them earlier we will pack as frostproof as possible, and ship by express at purchaser's risk and expense. There is no assurance that the express company will pay for frozen shipments.

REMEMBER THIS—Write your name as plainly as possible, in fact print it, if it is very uncommon. If your city is zoned, give your zone number. WASHINGTON customers be sure to enclose the sales tax.

DIXIE'S WINE DOT , I.D.—Large white flecked and splashed with wine red. Very attractive on long stiff stems. Stock scarce.....	3.00

BLACKBALL

Here is the darkest real ball dahlia we have ever seen, in fact it is nearly black. The picture on front cover will show you the true ball type. The upper center bloom shows the back view with the petals clear back to the stem. Bushes grow about four feet, with plenty of nice branches filled at all times with the darkest balls you can imagine. Size is five to six inches, on good strong stems. Try this with any good white and see the contrast. A splendid buy at only

\$3.50 Net

PAY DIRT, By J. I. RODALE

In this new book the author discusses all phases of gardening and farming in simple English, easy to understand without the help of the dictionary. PAY DIRT answers the one question all gardeners ask: "How can I grow better flowers, fruits and vegetables?" It brings you up-to-date with the latest scientific knowledge of composts, how to make and use them.

Omaha World-Herald says: "Along with Louis Bromfield's PLEASANT VALLEY, Mr. Rodale's PAY DIRT belongs on every gardener's living room work table." Learn the prevention of disease, insect pest control and how to grow healthy plants without poison sprays. If you are not satisfied with PAY DIRT just ask for your money back, which will be cheerfully refunded by the publisher.

\$3.00 postpaid.

You can have a complete garden of Dahlias alone, but no garden is complete without them.

We have no dahlias for sale other than listed in this catalogue.

PLEASANT VALLEY, by Louis Bromfield

Here is a book that every lover of the soil should read. A dramatic story well told about the restoration of land that had been nearly destroyed by greedy and reckless farming, along with a delightful account of personalities and wild life.

There is much practical experience concerning the proper use of the soil and conservation of natural resources. You will get a world of good from the pen of this noted author. Besides a worthy addition to your library it is an ideal gift.

\$3.00 postpaid.
